DETAILED ACTION

Continued Prosecution Application

The request filed on 17 ~~July 2001~~ for a Continued Prosecution Application (CPA) under 37 CFR 1.53(d) based on parent Application No. 09/122,384 is acceptable and a CPA has been established. An action on the CPA follows.

Information Disclosure Statement

Receipt of the information disclosure statements filed 18 June 2001 (paper 30) and 24 August 2001 (paper 34) are acknowledged. A number of references listed on the PTO-1449 forms accompanying said information disclosure statements were duplicates of those found on previously filed PTO-1449 forms. Accordingly, these references have been crossed out and indicated as "duplicate reference(s)."

In addition, the Gateway references C200 and C201 have not been considered because no date has been provided. The examiner has considered references C202-C207 (initialed); however these references have been crossed out because Applicant may only have applications with the same inventive entity published/printed on the front of his patent. Because the referenced patent applications (C202-C207) have different inventive entities from the present application, they cannot appear on the front of the patent that issues from the present application.

Allowable Subject Matter

Claims 1-20, 26, 30-35, and 7-42 are allowed.

Art Unit: 1636
